

# National Integrated Services

## Service

NIS specialises in working with Facilities Management teams, providing services which tend not to be cost effective or practical to deliver in house. Our services range across:

Building Maintenance / Cleaning / Grounds Maintenance / Pest Control / Waste Services.

## Coverage

NIS has bases in London and Manchester as well as 6 strategically placed satellite teams.

In addition we utilise a contractor support network including Northern Ireland and the Isle Of Wight.

Social Value

## Our Teams Qualifications

### Accreditations

Enhanced DBS / IPAF & PASMA / CSCS / Working At Heights / British Red Cross 1st Aid / Task Specific Training

### Clients Include

Commercial / Health Care / High End Residential / Education / Rail / Retail

CBRE / EE / Amazon / First Port / Rendall & Rittner / NHS Property Services / Phosters / Mitie / Churchills / ISS

### Task Management

One of our standout features is our fantastic custom built task management system. This enables:

- All queries are responded to quickly.
- Jobs run efficiently and smoothly.
- Clients receive regular updates throughout the process.
- Our system ensures all of the correct information is provided to our teams in real time.
- Any issues or ways to improve the service are recorded for future visits.
